

SIM CARD USER GUIDE

Text Messages

- The destination number should be entered as described on the 'How to make a call' section, always starting with the country code.
- If your phone displays "Message not sent", either the destination number cannot be reached or your calling credit is low (you may need to recharge your account).

Keep your local SIM card here while you use your SIM

How to make a call

1. Enter the country code, area code (without the leading 0) and phone number.

61 for Australia, 44 for the UK, 64 for New Zealand, etc. Example: To call 03-9010-0225 in Australia, you would dial 61390100225. To call mobiles, dial the country code and drop the leading 0.

2. Press the call key or similar.

Ignore any messages shown on your screen. You will be disconnected for 10-30 seconds then your phone will call back.

3. Answer the call normally.

Your call will be connected after a few seconds.

4. Hang up once you finish the call.

**If the call back does not happen, please see the Handy Hints on the back.*
